PERSONAL PROFILE

With the guidance of a Senior Front-end Web Developer, I have been studying consistently for the past two years working with agile methodologies (SCRUM/Jira) onsite and through remote meetings via Zoom and Google Meet. I have completed many projects building a solid knowledge in Javascript and React with the use of APIs and SQL focusing on clean code and Test Driven Development.

EDUCATION

09/18 - 09/21 Instituto Superior de
Engenharia de Coimbra,
Portugal
*Licentiate in
Electromechanical Engineering*

PROJECTS

- Fully working Tic-Tac-Toe in browser game made in ReactJS:
hvlino.github.io/reactjs-tic-tac-toe
Source Code:
github.com/hvlino/reactjs-tic-tac-toe
- Interactive table of countries accessed from an API made in ReactJS:
route66dev-rest-countries.surge.sh
Source Code:
github.com/hvlino/reactjs-countries-api
